

REQUEST FOR PROPOSAL RFP-2026-014

Client: Regional Development Bank
Sector: Financial Services
Submission Deadline: November 15, 2026
Estimated Budget: Not disclosed

SCOPE OF WORK

The Bank seeks a partner to migrate its client-file management platform from an on-premise monolith to a cloud-based microservices architecture.

TECHNICAL REQUIREMENTS

1. Migration from a monolithic application to microservices architecture. (Mandatory)
2. Deployment on AWS or Azure using Docker and Kubernetes. (Mandatory)
3. CI/CD pipeline and monitoring setup. (Mandatory)
4. Compliance with central bank security guidelines. (Mandatory)
5. Experience with GraphQL APIs is a plus. (Preferred)

STAFFING REQUIREMENTS

- 1 Project Manager
- 2 DevOps Engineers, minimum 5 years of experience
- 1 Certified Cloud Architect

REFERENCES

Bidders must provide at least 2 similar projects delivered in the banking or financial sector within the last 5 years.
